Peter Chapman, Regional Manager
Cell: 416-728-0289
Email: peter.chapman@rauland.ca

Company Profile:

Rauland Borg is the world leader in hospital communication systems and hospital workflow systems. Their systems improve patient experiences and outcomes, increase staff satisfaction, improve patient safety, and help hospitals operate more efficiently.

Products:

- Nurse/patient communication systems that provide workflow benefits to nursing by utilizing a touchscreen that speeds up tasks and interfaces to hospital electronic medical records.

Objectives(s) at Health Achieve 2016:

- To meet with key decision maker contacts such as hospital senior management, hospital IT directors and head of nursing
- To meet with other partners who implement transformative workflow systems to hospitals
